

Training Day 17 Daily Dairy

July 3, 2024

- ✚ Started writing training report

Tasks Accomplished:

1. Training Report Writing:

- ✚ Started drafting the training report focusing on the methodologies, findings, and implications of the LST analysis in Ludhiana district.
- ✚ Structured the report to include sections such as:
 - ✚ Introduction: Overview of the study objectives, scope, and methodology.
 - ✚ Data Collection and Processing: Description of data sources, GEE usage, and data analysis techniques.
 - ✚ Results and Analysis: Presentation of findings including tables, charts, and maps depicting LST variations and deviations.
 - ✚ Discussion: Interpretation of results, comparison with literature, and implications for environmental management.
 - ✚ Conclusion: Summary of key findings, limitations, and recommendations for future research.

Key Points to Consider:

- ✚ Ensure clarity and coherence in presenting the study's objectives, methods, and outcomes.
- ✚ Use visual aids effectively to enhance understanding and interpretation of complex data.
- ✚ Review and refine the report structure to maintain logical flow and coherence.
